

LITERATURE.

LIPPINCOTT'S MAGAZINE.—We have received a copy of the first number of Lippincott's New Monthly Magazine. It is published in most excellent style. The type is clear and large. The cover is neat, but not gaudy, and the contents are all admirable original contributions. It contains several solid articles and a sprinkling of the lighter variety, to give it zest. We notice among its best contributions an article on "Pre-Historic Man," and on "Trade and Currency," while its serial "Dallas Galbraith" opens well. We think a greater supply of light literature would not make it too ephemeral. But it is by far the best magazine ever started in our State, and in its first number gives far more promise of future success than any of its older predecessors did when they first saw light. It has our best wishes and our most sanguine expectations of a brilliant future. Let it explain for itself the plan it proposes to pursue.

Contributions to its pages from all parts of our common country will be welcome, provided they do not treat of partisan or sectarian polemics and if accepted, they shall be paid for as it is no part of the publisher's duty to ask any one to contribute for nothing. Dating from the City of Brotherly Love, with a view to the historical and geographical position of Philadelphia as the common ground where all who love the Union (and none others) can meet, and discuss matters relating to Literature, Science, and Education, in harmony and good fellowship. The approaching struggle or supremacy between France and Prussia, the distracted condition of Spain, the attempts at reorganization of the Austrian monarchy, the recently and rapidly approaching dismemberment of the Ottoman empire, will give unexampled interest to the European drama of the next few years. For the purpose of supplying the readers of this Magazine with the means of forming a sound judgment on these and similar subjects, the services have been secured in London of a writer of world-wide celebrity—one of the acknowledged masters of the art in regard to the European drama, whose works are extensively read and universally admired on both sides of the Atlantic. The nature of his letters may be expected to commences in the next number.

GODLEY'S LADY'S BOOK.—The commencement of the seventy-sixth volume of Godley's Lady's Book is before us. It is a Christmas number, beautifully printed, filled with excellent reading matter, and showing signs of all that life which made it a success over thirty years ago. The new volume opens under most cheering auspices. It boasts of a double page colored fashion plate with six figures; an engraving that describes the trying on of baby's first pair of new shoes; a colored picture of boys and girls, with their sleds, in the snow; a handsome design for a slipper; another four-page fashion plate, and a humorous sketch of Wallrusia. Its merits grow with its growth, and it seems to us that, like old wine, it has improved with age.

LATE NEWS BY THE GULF CABLE. IMPORTANT FROM CUBA, MEXICO, AND THE WEST INDIES.

FRENCH ANTILLES. Conflagration on the Island of Guadeloupe. HAVANA, Dec. 12, via Lake City, Dec. 13.—The captain of a vessel that arrived at Kingston, Jamaica, from the Island of Martinique, reports having seen a conflagration on the Island of Guadeloupe, and it seemed as if the town of Basse-terre was on fire.

HAYTI. Brutal Murder of General Montes—Supposed Complicity of Salvaire. HAVANA, Dec. 11, via Lake City, Dec. 12.—General Leon Montes was killed by the jailor put over him by President Salvaire. He was first poisoned, and then dispatched by a blow on the head from a bar. A brother of Montes, confined in the same dungeon with the General at Cape Haytien, was compelled to passively witness the execution of his brother. Many families have emigrated to Jamaica, horrified at the doings now going on in Hayti.

VIRGIN ISLES. Emigration of the First Accounts Relating to the Earthquake. HAVANA, Dec. 14.—By the steamer Barcelona, from St. John's, P. R., we have the news that the first account of the damage done at St. Bartholomew's by the volcanic eruption and at St. Martin's by the great tidal wave that accompanied the earthquake was exaggerated, owing to the panic that seized the inhabitants after the movements of the earthquake had been felt. The sea rushed towards the islands, covering parts of the coast, the same as it had done at Tortola.

PORTO RICO. Damage by the Earthquakes Slight—Activity in Repairing the Losses. HAVANA, Dec. 14.—From Mayaguez we have dates to the 4th inst. The news confirms the previous account of an earthquake at Mayaguez. The shocks were very violent in the first instance. No considerable damage was done, except to some sugar houses. The alarm of the people was, however, terrible. The sugar crop is good, but will be slow in reaching market. Great activity is displayed in repairing the damage done to the estates by the rains, the hurricane, and the earthquake.

MEXICO. Romero to be Minister for Foreign Affairs—His Appointment Made in Mexico. The San Luis Election. HAVANA, Dec. 12, via Key West, Dec. 13.—The steamer Fah Kee has arrived here from Vera Cruz with news from that port to the 4th instant. It was rumored that government had ordered the publication of all the treaties made by European nations with governments pretending to represent Mexico. Ex-Minister Romero is considered now an arch-diplomat, and it is said that he will succeed Lerdo de Tejada in the Ministry for Foreign Affairs. The change has been suggested by the mutual interests which Mexico has under present complications with her sister republics of the southern part of our continent. Considerable scandal has been given by the prominent publication of the means to which Don Juan Bustamante resorted in order to secure his election as Governor of San Luis Potosi. The diligences had been robbed by soldiers at Patzcuaro.

CUBA. Cuba and Porto Rico Sold to Uncle Sam for One Hundred and Fifty Millions in Gold—What is Thought of the Bargain in Cuba—A Speculation on the Strength of It. HAVANA, Dec. 12, via Lake City, Dec. 13.—We have further and authentic news from Madrid in relation to the sale of the Spanish West Indian possessions. It consists of the important information that the Spanish Government has determined to offer to the American Minister at Madrid, Hon. John P. Hale, to sell the islands of Cuba and Porto Rico to the United States for one hundred and fifty millions of dollars in gold. The terms of the sale are as follows—Fifty million dollars in gold are to be paid down in cash on the signing of the treaty and the formal delivery of the island to the authorities of the United States. A second fifty million dollars is to be paid one year thereafter. The third installment of fifty millions in gold is to be paid at the end of six years.

The public heart is beating with anxiety at the announcement, and great excitement prevails, as the extinguishing of slavery here will be one of the consequences of the sale. It was hoped by the Spaniards would abolish the institution in time to save her national pride.

The acquisitions made by the United States from Russia and Denmark, that of Louisiana from France, and Florida from Spain herself, are now referred to as precedents that leave the national honor of Spain in this bargain unsalvageable. The sharp scent of Yankee speculation is instanced by the fact that an American company has already, on the strength of the above reports, purchased Guanajabo Island, near Nuevitas. They intend to colonize it, and are about to put thirty thousand acres of it under cultivation. Thus the last hopes of slave traders are gone.

Reduction of the Police Force—Captain McMahon, of the Iron-clad Tetsuan—Cholera Reports for Spain Discontinued. Key West, Dec. 12, via Lake City, Dec. 13.—The Havana police force has been reduced one-third, for the sake of economy. There are rumors here that the commander of the Tetsuan, Captain James McMahon, will resign his command. The cholera reports furnished to the Spanish Government by telegraph have been discontinued for some days past. Senor Arantave, the inspector of telegraphs in Cuba, has quite recovered from his late severe illness.

THE WEST INDIES. Royal Danish Proclamation at St. Thomas—Change of Nationality of the Inhabitants—Supply of Breadstuffs—Earthquake Shocks at Antigua. HAVANA, Dec. 11.—Late files from St. Thomas, dated on the 1st inst., bring the text of the royal Danish proclamation transferring the island to the United States by right of purchase. The document appears in the St. Thomas Times of the 30th of November. It concedes to the inhabitants of St. Thomas, according to circumstances and residence, a period of two years to effect a complete change of nationality under the new régime. At St. Thomas, on the 2d instant, flour was plenty, and rations at \$1.50 a barrel for soiled. Advances from Antigua of the 25th of November state that the island had been visited by several shocks of earthquake—one occurring on the 18th and another on the 22d of the month. Rain had fallen during a fortnight, with a strong southwest wind.
